THOMSON REUTERS®

Manage your entire legal department's operations within one cloud-based solution.

More than 1,300 legal departments have chosen Legal Tracker for their matter management, e-billing, and reporting. From Fortune 500 companies to solo general counsels, Legal Tracker can be fully scaled to streamline operations, control spend, and get complete visibility into your legal operations.

We are proud to be able to support our Australian customers through first rate implementation and local infrastructure. Their confidence in Legal Tracker is reflected by a 100% retention rate.

Why Legal Tracker?

Operate with agility

Legal Tracker operates as a workspace for your team and your external counsel to manage matters, documents and e-billing.

Improve your visibility to reduce spend

Maintain visibility over your external counsel spend with real-time dashboards and reports that help you identify where cost savings can be made.

100% customer retention

Australian in-house teams like yours rely on Legal Tracker, and we've never lost a customer.

Quickly demonstrate performance

Use real-time reporting and analytics to reduce the time it takes to demonstrate return on investment.

“

Legal Tracker handles the complexities of international e-billing seamlessly. It would be difficult to centrally manage all of our legal spend worldwide without it.
